Missing Soldier Update

Tooele County Search and Rescue members and Dugway Proving Ground personnel continued looking today for the soldier missing in the west desert south of Dugway.

Following the discovery of the car driven by Specialist Joseph Michael Bushling Saturday night, May 14, 2011, searchers found the baseball hat Bushling was wearing. The hat was located about six miles west of the car.

Approximately 50 people are involved in today's search of the remote desert area. Searchers are using ATV's as well as cadaver dogs in their efforts to locate the missing soldier.

Tooele County Sheriff Frank Park said pending further information the search will be suspended possibly until this weekend.
