Worker Killed on Golf Course

A Tooele resident died while working at the Stansbury Park Golf Course this morning. Golfers found the man at about 8:15 a.m. pinned beneath a lawn mower in one of the ponds on the course and immediately dialed 911.

Tooele County Sheriff Chief Deputy Duke North says the man was operating the lawn mower and apparently drove too close to the edge of the pond. The lawn mower flipped over, pinning the man in the water.

The victim is 73 year old G. Neil Magann. Deputies have made next-of-kin notifications.

The official cause of death is still being determined by the state Medical Examiner. The Tooele County Sheriff's Office and Utah OSHA are investigating the incident.
